

Event Risk Assessment Form

Name			Event/Activity					Date/T		
Ris	k Assessmei	Consequences								
Matrix		Negligible No injuries or not requiring first aid	Minor First aid needed	Moderate Medical treatment	Major Serious injury	Serio Death perma disabil	or nent			
	Certain to occur Expected to occur is m circumstances	ost	Medium	High	High	Extreme	Extreme			
Likelihood	Very likely Will probably occur in most circumstances		Medium	Medium	High	Extreme	Ext	reme		
	Possible May occur occasionally		Low	Medium	Medium	Extreme	Ext	reme		
	Unlikely Could happen at sometime		Low	Low	Medium	High	Hi	gh		
	Rare May happen only in exceptional circumstances		Low	Low	Medium	Medium	Med	dium		
	Risk Level			Recomm	ended Act	ions				
				e action required - Activity must not proceed until steps are taken to sk to as low as as reasonably practicable using the hierarchy of controls						
High Risk c practic			sk control measures required to reduce risks to as low as reasonably acticable using the hierarchy of controls							
			view risk assessment and ensure control measures to reduce risk to as low reasonably practicable using the hierarchy of controls							
	Low	Manag	ge risks by routi	ne procedures	and monitor					

HAZARD IDENTIFICATION AND RISK CONTROL							
Hazard	Rating (Refer to Risk Matrix above)	Control Measures					
e.g. Power cords as trip hazard	Medium	Place cords off the ground and cover where necessary.	Low				

HAZARD IDENTIFICATION AND RISK CONTROL (cont.)									
Hazard	Rating (Refer to Risk Matrix above)		Control Measures			Residual Risk			
Signature			Date
