HERITAGE

Heritage in our region

The Queanbeyan-Palerang Local Government Area includes the townships of Queanbeyan, Bungendore, Braidwood and Captains Flat. Braidwood is also the only heritage listed town in NSW.

You can find records about our region in our Local Heritage Library in Queanbeyan from 10am-4pm, Monday to Thursday.

Heritage items

Items can be listed in Council's respective Local Environmental Plans (LEPs) as either State items or Local items. A house may also be within the Heritage Conservation Area. If your property falls into any of these categories, there are certain regulations that apply to any development works that may be done on the property.

At www.qprc.nsw.gov.au/heritage you can find:

- A list of the individual heritage items
- Links to Council's planning controls
- A Heritage Consultants Registry

Heritage Festival April-May

The Heritage Festival runs in April and May each year and includes great community events including museum open days, walks and workshops as well the presentation of the Local Heritage Awards, exhibitions and more.

Heritage Awards

Nominations for the Heritage Awards open around December and close at the end of February each year.

The awards celebrate heritage contributions in our community in three categories (Restoration of a heritage building, New building design or Adaptation, and Outstanding Promotion or Contribution to Heritage).

There are prizes and certificates for winners and it is a great opportunity to continue to promote the importance of heritage initiatives in our region.

Heritage grants

Each year Council offers Heritage Grants with the support of the NSW Heritage Office.

These grants help residents with works to preserve their heritage buildings. Eligible properties may be:

- listed in one of the applicable local environmental plans
- on the State Heritage Register as it applies to Braidwood
- or within a heritage conservation area in the Queanbeyan-Palerang Regional Council Local Government Area

You can find information about grants available in our region at
