BUILDING OUR FUTURE

Ellerton Drive extension

Community Update

Roads and Maritime Services | September 2019

Bridge construction progressing over the Queanbeyan River, looking east

Work on the Ellerton Drive extension is progressing well with the project on track for completion by mid-2020.

98% of earth moved

3.8km of 4.4km drains now in place

2.9km of 4.4km paving laid

6 of 7 noise walls underway or complete

5 of 9 bridge segments launched

3 of 3 fauna underpasses installed

Bridge construction progress

Work on the bridge has made significant progress with all piers now built, and five segments launched across the Queanbeyan River to date. .

An additional bridge segment is expected to be launched each month until all nine segments are in place. The full bridge span is expected to connect to the southern side of the Queanbeyan River early next year.

Work on launching bridge segments over the Queanbeyan River continues

Road construction and earthwork

Work is well underway to build the road pavement layers.

Bulk earthworks for the project are now substantially complete.

Pavement work underway on the northern side of the project

Upgrade of existing Ellerton Drive

Pavement upgrade work on the existing section of Ellerton Drive started in May and is expected to be completed in late September, weather permitting.

Work progressing on upgrade of existing Ellerton Drive

Landscaping work

Landscaping is underway to reduce dust generated on site with grass and mulch laid on embankments where work has been completed. Tree and shrub planting will start closer to the end of the project and will be regularly maintained.

Noise wall construction

Noise walls on existing Ellerton Drive and near Taylor Place have been completed.

Construction of noise walls in Fairlane Estate near the Queanbeyan River is more than 50 per cent complete. Work started near the river and will progress towards Old Cooma Road.

Completed noise wall on existing Ellerton Drive

Work continuing

- Bridge segment construction and launches
- Road foundation layers
- Pavement work on the road extension
- Building noise walls in Fairlane Estate.

Supporting the local community

A donation of large rocks from the Ellerton Drive site was made to the Royalla Commons for use in landscaping for the community space.

“The Royalla Common Management Committee thanks the Ellerton Drive project team for their generous donation and delivery of rocks to the Common. The rocks are a great addition to the landscape development of the Community Hall and car park. The donated rocks reflect the rural character of the hall and enhance the landscape development of the Common.”

Paul Bombardier, Chair of the Royalla Common Management Committee.

Got questions?

For any questions or more information about the project please contact our community liaison team on 1800 116 337 or email ellertondrive@wbho.com.au

Thanks for your patience

Work is planned to ensure the impact on neighbours is reduced where possible, however sometimes our work can still cause inconvenience. The project team would like to thank our neighbours and the broader community for their patience during construction.

Our standard working hours are 7am to 6pm on weekdays and 8am to 1pm on Saturdays.

**Thank you for your
patience during
construction**
