

Welcome to our January Project Update

Keeping you up to date with the Queanbeyan Civic and Cultural Precinct. The east section of the basement is taking shape with the first structural slab being poured as well as construction of the main lift core being underway. Please see below for an update of forthcoming works on the project or follow the above QR code to read more about the exciting project.

What's happening in construction?

Fire tank pad was successfully poured with basement slab on grounds to follow in the coming weeks. Lift pit construction is underway to the main core of the building.

Western basement footing construction underway to allow the installation of the dintel retaining walls.
