

Welcome to our November Project Update

Keeping you up to date with the Queanbeyan Civic and Cultural Precinct. The QCCP project is changing as each week passes. The team is progressing well with internal fit out works. Framing has been completed to a few levels, while sheeting has started to allow for service completion. Façade panels have reached level 3 to the north tower, expecting to be completed by month’s end. See below for an update of forthcoming works on the project or follow the above QR code to read more about the exciting project.

What’s happening in construction?

Façade glazing to Level 3 North Tower is completed with Level 4 to begin. Framing inside the building is well underway with Ground floor - Level 2 frames completed. Services to progress to completion as well as sheeting higher levels for partitions.

External to the project site, High Voltage works are completed with the new sub stations having been installed for Essential Energy. The project team now has minor service connections to complete before starting on external landscape preparation works.
