## Queanbeyan Civic & Cultural Precinct

NOTIFICATION OF CONSTRUCTION ACTIVITIES No:2

6<sup>th</sup> August 2021

### **PROJECT UPDATE**

Following on from our early advice regarding the Queanbeyan Civic and Cultural Precinct, welcome to our very first project update. Keeping you up to date with the QCCP Project is important to us.

ADCO Constructions will regularly provide project updates to let you know what's happening behind the hoardings and site fencing.

#### **PROJECT START**

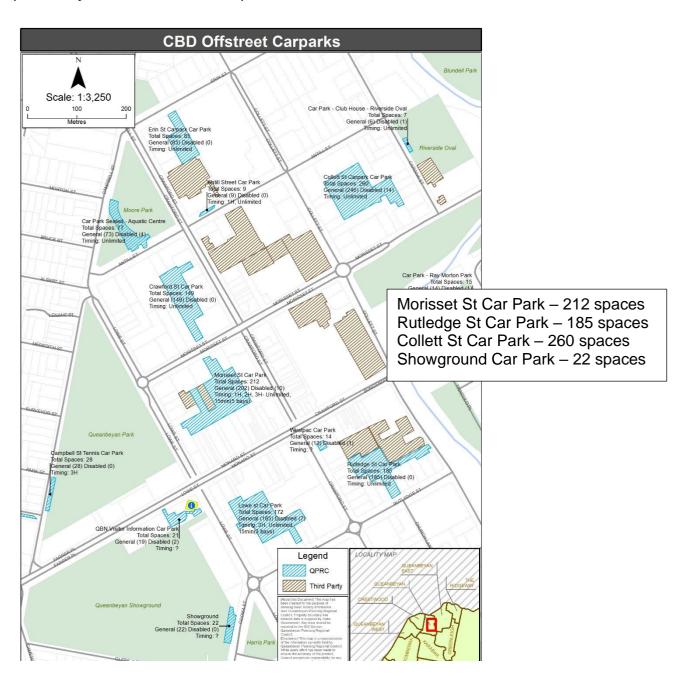

Early site fencing commences this week, from 2<sup>nd</sup> August. During this week, minor impacts to the carparking arrangements in the Lowe St carpark will occur. ADCO plans a progressive installation of fencing, and by the 9<sup>th</sup> August the construction site to be enclosed. At this time, the southern part of Lowe St carpark will no longer be available and we ask that motorists seek alternative parking arrangements.

# Queanbeyan Civic & Cultural Precinct

### **CHANGES TO PARKING**

With just 50 spaces remaining available at the northern end of the existing car park we ask all users of the Lowe St carpark to consider alternative parking locations. Some nearby locations which you may not have considered, all within close proximity to the Lowe St carpark.

### **LOOKING FORWARD**

Initial works will involve the completion of project hoardings and site fencing and the establishment of site accommodation. These works will occur throughout August.

From mid August, the ADCO team will commence the detailed works required to divert in ground services within the Lowe St carpark. These works pave the way for the commencement of earthworks which are due to commence in November this year.

By early September demolition works will commence along Rutledge St. Details of these works will be contained in future bulletins, however rest assured that the works throughout August includes the implementation of vibration monitoring, along with noise & dust controls.

Please keep in mind our 24 hour telephone assistance line should you have any queries or feedback regarding the works. Please feel free to call on 1800 232 628 should you wish to raise any concerns.
