## 5. STRATEGIC ALIGNMENT:

Local government's prioritisation of tourism aligns with Federal and State government priorities which identify tourism as a key future growth industry in Australia.

The NSW Government's Visitor Economy Strategy 2030 provides a roadmap to support all industries involved in the visitor economy to recover from the impact of drought, bushfires and COVID-19 and to grow in the future. The strategy sets a bold vision for NSW to be the premier visitor economy of the Asia-Pacific by 2030, underpinned by five strategic pillars:

1. Road to recovery
2. Build the brand
3. Showcase our strengths
4. Invest in world class events
5. Facilitate growth
6. Focus on outcomes

A reform in 2016 of regional tourism funding in NSW resulted in the creation of six Destination Networks (DNs), funded by Destination NSW, to facilitate visitor economy growth at a local level. QPRC is part of the Destination Southern NSW Network. Each of the DN's have developed a Destination Management Plan (DMP) for their region, to focus on local issues. However, a bigger picture statewide DMP was required to align all levels of Government and industry across NSW. Destination NSW, in consultation with the Chairs and General Managers of the six Destination Networks, has developed a NSW Statewide Destination Management Plan which is designed to:

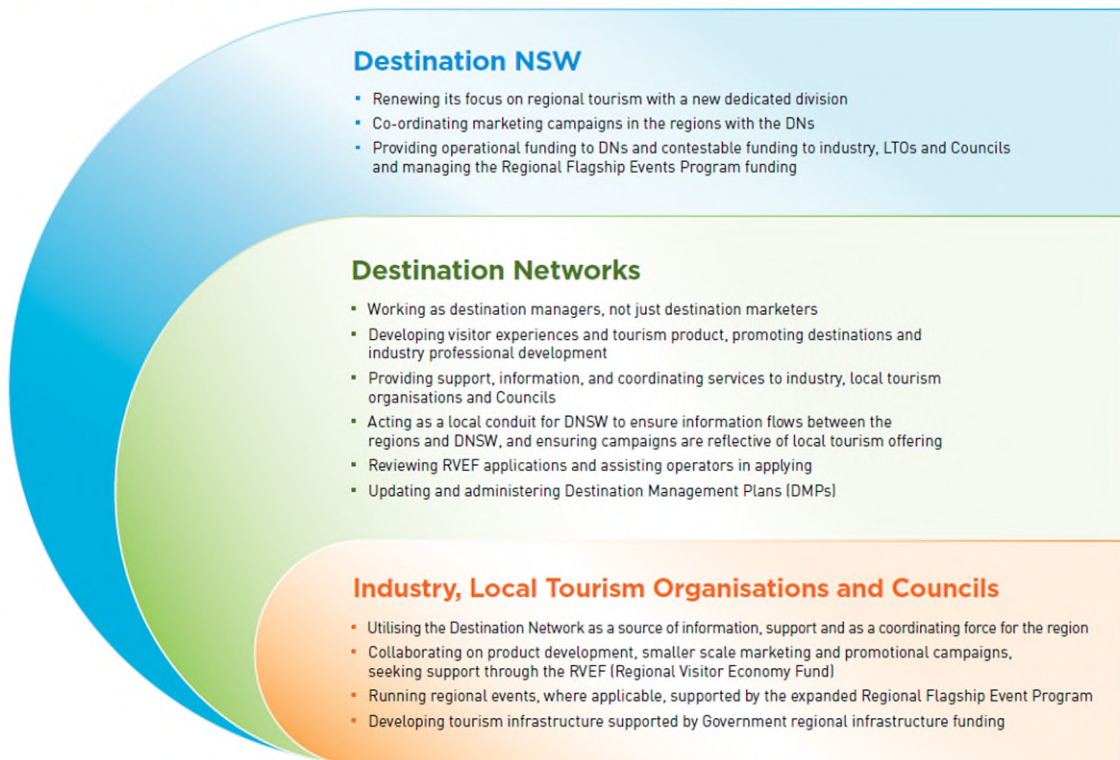

- Provide a high level framework to encourage alignment across NSW and assist coordinated delivery of the vision and goals for the NSW visitor economy.
- Be the delivery mechanism for the VEIAP and encompass local insights and priorities from the Destination Network DMPs and other existing strategic documents, such as the NSW Aboriginal Tourism Action Plan 2017-2020 and the NSW Food & Wine Strategy & Action Plan 2018-2022.
- Set a strong strategic foundation on which industry can develop customer centric destination marketing.
- Identify local and state strengths and unique points of difference, as well as areas of commonality across the regions.
- Encourage local industry 'self-reflection' to harness the most productive markets for their product/service/destination.
- Focus resources on the most appropriate visitor segments and sectors.
- Provide opportunity for greater collaboration between all stakeholders.
- Provide a more compelling case for government and private sector investors via clearly defined strategic priorities.
- Equip the Destination Networks with a plan to share with stakeholders that clearly identifies where their product/service/destination fits.

QPRC is guided by the following strategic hierarchy, noting the QPRC Tourism Plan has also informed upward to the development of actions in the Queanbeyan-

Palerang Destination Action Plan and Southern Tablelands Destination Development Plan:

## Roles and Responsibilities

## 6. PERFORMANCE INDICATOR

Visitor expenditure within the Queanbeyan-Palerang region.
