

Mandatory in Bungendore from 22 November 2019

	<p>Private gardens and lawns; commercial nurseries, market gardens and turf-growing businesses</p>	<p>Sprinkler or other irrigation systems can be used to water lawns and plants only between 7am and 10am and between 7pm and 10pm on alternate days as per the 'odds and evens' system.</p> <p>A hand-held hose fitted with a trigger nozzle, a bucket or a watering can may be used at any time. At all times gardens and lawns may only be watered without causing pooling or runoff.</p>
	<p>Lawns and plants at parks, sports amenities, golf courses and public gardens</p>	<p>The target of a 10% reduction in water use should be met.</p> <p>At all times lawns and plants may only be watered without causing pooling or runoff.</p>
	<p>Paved areas</p>	<p>Water must not be used to clean paved areas unless necessary as a result of accident, fire, health hazard or other emergency.</p>
	<p>Private ponds and fountains</p>	<p>Only fountains that recirculate water may be operated and they may be topped up only by using a hand-held hose fitted with a trigger nozzle, a bucket or a watering can.</p> <p>Ponds may only be topped up using a hand-held hose fitted with a trigger nozzle, a bucket or a watering can.</p>
	<p>Public ponds and fountains</p>	<p>Existing ponds must not be filled or topped up other than with non-potable water. Only existing fountains that recirculate water may be operated and they may be topped up only with non-potable water. New ponds and fountains may not be filled with any water or used.</p>
	<p>Private Swimming Pools</p>	<p>Existing pools must not be either emptied or refilled without written exemption. Any pool not previously filled must not be filled without written exemption. Previously filled pools may be topped up using a hand-held hose.</p>
	<p>Public Swimming Pools</p>	<p>Existing pools must not be either emptied or refilled without written exemption but may be topped up. Any pool not previously filled must not be filled without written exemption.</p>
	<p>Water storage tanks, dams, and lakes</p>	<p>Must not be filled or topped up other than with non-potable water.</p>
	<p>Vehicles</p>	<p>If not washed at a commercial car wash, any vehicle should be washed on a lawn or other porous surface wherever practical and then may only be washed, not more than once per week by using:</p> <ul style="list-style-type: none"> • a bucket or watering can; • a high-pressure low-volume cleaner; or • a hand-held hose fitted with a trigger nozzle. <p>No restriction on commercial car wash operators.</p> <p>Boat motors may be flushed or rinsed after use.</p>
	<p>Windows and buildings</p>	<p>Windows and buildings can be washed at any time but only with a bucket and mop, squeegee or brush or with a high pressure low-volume cleaner. Otherwise, water must not be used unless necessary as a result of accident, fire, health hazard or other emergency.</p> <p>Building gutters may be cleaned at any time.</p>
	<p>Construction and related activities</p>	<p>Water can only be used for dust or other pollutant suppression by means of a hand-held hose fitted with a flow cut-off device or a vehicle fitted with sprinklers.</p> <p>Unless impractical, water may only otherwise be used by means of a hose fitted with a flow cut-off device. Wherever practicable non-potable water should be used.</p>
