

GUIDELINE

CARRY OUT WATER, SEWERAGE AND STORMWATER WORK

Please note – to minimise delay in the application process, please ensure you submit all the following information requested and ensure all sections below are filled out and submitted with the application.

To successfully lodge this application ensure you provide the following:

- Ensure Activity Approval Form has been filled out completely and you have indicated clearly what type of water, sewerage and/or stormwater works you propose.

Eg. B3 – Install, alter, disconnect or revive a water meter.

- **Attach 1x electronic copy and 1x hard copy of the following:**

- Drainage diagram (Scale 1:200) showing the location of the proposed services
- Floor plan (Scale 1:100) showing the proposed layout and fixtures
- Description of work to be completed. Eg. Renovate bathroom or relocate W.C/bath or install new shower etc.
