

MINECRAFT

Sustainable Design Competition

This year for World Environment Day the theme is

"Only One Earth"

Show us your sustainable design skills! Use Minecraft to build a futuristic QPRC. Create a sustainable building, park, landscape, town or other structure for the QPRC region that shows how we can live sustainably in harmony with nature.

The details

- Entries are open from 9am Monday the 2nd May until 9pm Monday the 30th May for children and teens aged between 5-17 years in the QPRC region.
- Entries can be individual or group entries.
- Submit a narrated 3 minute video telling us about your design.
- Upload and link via Youtube, or submit your video files on our website entry form.
- All entries will be shown at the Bicentennial Hall on Friday the 3rd June at a special presentation on the big screen!
- Prizes for the most innovative entries will be awarded by age category and include Snow Play Tickets, EB games Vouchers and an overall cash prize of \$500!
